Is factory paint not tough enough?

Paint technology has advanced significantly over the years and so has the number of environmental hazards that can destroy your vehicle's finish. Even as your new vehicle rolls off the assembly line, the paint finish is not protect.

Diamond-Kote® Paint Protection is a unique transparent cross-link polymer formulation featuring durable Teflon® additives.

Diamond-Kote® Paint Protection bonds to the painted surface in a continuous film that acts as a sacrificial barrier between the paint and the destructive elements your vehicle faces every day. Diamond-Kote® Paint Protection provides "peace of mind" protection for your vehicle.

Spring Clean-Up Detailing

- interior steam shampoo
- exterior high speed polish & wax
- door jambs, trunk, windows, das
- bumper to bumper spotless detailing

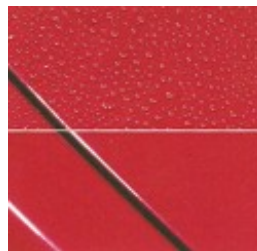

Prices may vary according to size and condition of vehicle.

FREE check EVERY YEAR

BRING YOUR VEHICLE RACING BACK TO LIFE
INSIDE & OUT

Beat the elements with Paint Protection

Diamond-Kote® Paint Protection is a unique transparent cross-link polymer formulation featuring durable Teflon® additives. Diamond-Kote® Paint Protection is truly complete protection for your vehicle.

Protect the natural beauty of your vehicle's interior

The Diamond-Kote® Leather/Vinyl Protection formula creates an invisible barrier which protects all leather and vinyl surfaces from fading and cracking.

Invisible protection that penetrates deep into every fiber

Keep your vehicle interior looking new... longer. Diamond-Kote® Fabric Protection penetrates deep into the fabric, forming an invisible shield around each and every fiber. The protective strength is total and the fabric is allowed to breathe and move naturally.

Rust protection & undercoating: stop rust before it starts

Diamond-Kote® Rust Protection forms a permanent barrier between the metal panels of the vehicle and the elements of nature to prevent corrosion.

Insulate, protect and reduce noise up to 50%

Diamond-Kote® Sound Shield is a permanent, durable coating applied to the underbody of your vehicle, sealing and insulating your car. Sound Shield reduces road noise by up to 50% while providing insulation and protection from squeaks, rattles, engine noise and moisture.
